Lecturer - Community Care & Social Services (Rehabilitation Care)

Agency : Institute of Technical Education
Work type : Full-time
Location : Singapore
Categories : Education, Healthcare, Others, Social & Community Development

The Institute of Technical Education is a globally-recognised world-class institution for excellence in technical education. Here, you make an extraordinary difference because ours is a unique Hands-on, Minds-on, Hearts-on College Education. Our awards include the prestigious Singapore Quality Award with Special Commendation and the inaugural Harvard-IBM Innovations Award in Transforming Government, affirmations of transformational leadership and passionate staff who bring us closer to becoming a Global Leader for Innovations in Technical Education. For more information, visit www.ite.edu.sg

Responsibilities

As a Lecturer, your contributions go beyond teaching and facilitating learning. You play a critical role in recognising and nurturing your students' potential and their lifelong learning needs. In addition to your teaching duties, you will carry out industry or consultancy projects to help you remain relevant in your profession and to evolving changes in industry, and maintain strong linkages with industry and schools. You will also have the opportunity to have industry attachments or experience on a regular basis to update your skills, knowledge and practices of your profession. Those with good and relevant experience can look forward to Senior Lecturer or equivalent positions, with career development opportunities to leadership positions in the Colleges or Headquarters.

Requirements

You should be a Social Worker, Registered Occupational Therapist or Physiotherapist who have worked in the social service industry or hospital setting, with at least 3 years of working experience. Experience in working with the elderly, people with disability or special needs population will be an advantage.

How to Apply

Submit your application via [FormSG](#). Only shortlisted candidate will be contacted within 8 weeks of application.
