We are dedicated to delivering the most innovative therapies to help teenagers and young adults with a diverse range neurological and developmental needs to achieve the kind of freedom and independence they deserve.

You will work alongside a dedicated team of experienced professionals, striving for the delivery of outstanding service for families special needs babies, kids and with a diverse range of abilities and conditions.

Requirements:

- Approved qualifications in Physiotherapy (Diploma, Degree or Masters in Physiotherapy)
- Full AHPC License
- Minimum 2 years of work experience
- Positive and client-centred Physiotherapist with great communication skills
- Strong communication and relationship management skills.

Responsibilities:

- Identify and meet patients' goals and needs
- Develop rehabilitation programs using a variety of transformative and innovative treatment techniques
- Reduce the need for and provide alternatives to surgery
- Motivate patients during treatment in order to help them function optimally as well as improving strength, flexibility, balance and coordination
- Consult and practice with other health professionals
- Evaluate results, monitor and communicate progress
- Document patient care services
- Play a pivotal role in developing the programs that will shape the success of the center

Please email your resume to hr@wingstherapycenter.com. We regret that only shortlisted candidates will be notified.

All successful candidates can expect a competitive remuneration package with a comprehensive range of benefits.

- Client-centred focus with lovely ethics
- Diverse patient base with a strong paediatric focus

- Competitive salary package and benefits
- Training in some of the world's most transformative therapies and approaches
